

Tuddenham St Martin Parish Council

Tuddenham St Martin Parish Council

Dear Sir/Madam

Re: DC/24/0989/LBC Manor Farm Tuddenham St. Martin

The Parish Council have considered the revised planning application. The Councillors object to the retention of a vehicular access on the corner of Grundisburgh Road and Clopton Road junction. The access should be restricted to pedestrians only with a suitable barrier to prevent vehicle access to and egress from the site.

The Councillors also wished to stress the need to introduce a 30mph limit between the Grundisburgh road junction and Sandy Lane/Witnesham Lane. The lack of a 30mph limit on this stretch of road has been a concern to the Council for many years, and with the addition of the extra properties accessed off this road, and no footpath, now fully justifies this designation. We are not sure whether this can be included as a condition of approval, and or a financial contribution required from the developer, but would object to the proposal without this being addressed.

Yours faithfully

Tilly Rampley – Parish Clerk
